	1 / /	2 / /			

The Pennsylvania Department of Health requires immunizations for all children attending all grades (K-12). The Pennsylvania law mandates that every student in grades K-12 be immunized on the 1st day of school. Your student cannot attend school without the above immunizations and or documentation from your health care provider with reasons for medical exemptions. Please note a second dose of meningococcal conjugate vaccine is required at age 16 or entry into 12th grade. Please feel free to attach a copy of immunization records for your convenience or email to fmcgovern@msjacad.org.
