

Setting up a Canvas Parent Account

- First, your daughter must generate an observer code from her account.

Open Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

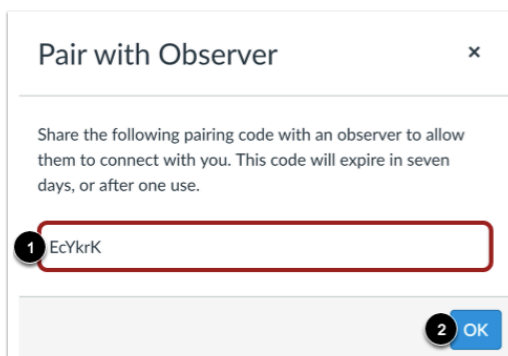

Pair with Observer

Click the **Pair with Observer** button.

Note: If the Pair with Observer button doesn't display in your User Settings, please contact your institution for assistance with pairing with an observer.

Copy Pairing Code

Copy the six-digit alphanumeric pairing code [1]. You will need to share the code with the observer who will link to your account. The pairing code will expire after seven days or its first use.

To close the window, click the **OK** button [2].

Note: Pairing codes are case sensitive.

- Next, sign up for a Parent account on msjad.instructure.com
