

Dear AP Psychology Students:

Thank you for registering for AP Psychology! I am very excited to be teaching this course! AP Psychology is a year-long course comprised of nine units, introducing you to the systematic and scientific study of human behavior and mental processing. An important motto to remember is: *Everything psychological is biological*.

The reasoning behind this summer assignment is to prepare you for the rigorous work you will complete throughout the year. This assignment introduces you to different psychological perspectives and influential psychologists that we will study.

ALL ASSIGNMENTS ARE DUE THE FIRST FULL DAY OF CLASS

Part 1 will be uploaded to Canvas. Part 2 is a Canvas quiz. Part 3 will be handed in on the first full day of class.

Part 1: Guided Notes

- Complete your guided notes for Unit 1- Section 1: Intro to Psychology
 - You can find my PowerPoint, my flipped classroom video, and your guided notes on Canvas.
 - Please watch my video and complete your guided notes.
 - We will not be going over this section in class, so make sure you take your time to understand the information.
 - Your textbook is a great resource!
 - Upload your completed notes to Canvas by the first day of class.

Part 2: Reading & Canvas Quiz

- Please read the textbook modules that correspond with our Section 1 Notes.
 - Modules 1, 2, & 3.
 - Pages 2-31
- Please complete the Quiz on Canvas.
 - You can use your notes and your textbook to help you complete the quiz.
 - You will only have one attempt. Please prepared and read carefully.
 - Please complete the Canvas quiz by the first day of class.

Part 3: Vocabulary Cards

- Please create your first set of vocabulary cards for this course.
 - Go through your Unit 1- Section 1 Notes and make vocabulary cards for all of the bold/underlined words.
 - You can double-check your vocabulary list with our Google Doc, “AP Psych Vocab Words,” found on Canvas.
