Assignment #3: Create a Work of Art!

Last, but certainly not least, you will create a work of art this summer to kickstart your journey. If you are taking this course, it is likely you already make art on your own – therefore, this final assignment will be left open-ended. I want to see what you can accomplish without any specific prompt. Be sure to document your artistic process using sketches, progress images, reference pictures, drafts, research, etc.

The artwork, along with any supplemental materials you used throughout the process, will be due at the start of our first full class. You will also write a short paragraph explaining the idea and process behind your work in detail. This written portion will also be due the first full day of class.

Good luck! Feel free to email me over the summer with any questions you may have. I will be checking my email periodically.
