

Hackathon

Saturday, March 2, 2019

La Salle University Holroyd Building

9:00 AM to 1:00 PM

Interested in a technology. Come to this hackathon and learn the differences between computer science and information technology. Learn some techniques you can use now.

Also talk with young alums to learn about career opportunities in technology. Members from corporations such as Vanguard, Northrup Gruman and QVC will be joining us for this talk.

Also discuss opportunities with tri-state CIOs and learn about expansions in technology careers. What does the future include?

So, join us to learn more about technology use and future possibilities.

The event will include a continental breakfast, lunch and snacks. We look forward to seeing you.
